

The Sisters of Charity Complex provides residential care, short and long-term, in a retirement/healthcare setting, as well as, supportive living facilities for members of the Sisters of Charity of Seton Hill. Facility leaders strive to promote a living and working environment that encourages personal and professional development. This environment must foster individual dignity and demands the highest ethical standards.

If you are a nurse looking to get back to “nursing”, this is the position you should look into!

If you are a CNA or nursing assistant, this facility is unlike any other.

We are willing to train hard-working individuals who think the healthcare field might be calling their name!

Long-Term Nursing Care

Employment Opportunities

In recent months, staffing recruitment has become a crisis for every organization. The Sisters of Charity of Seton Hill are looking to fill nursing positions in order to provide continued care for the increasing population of retired religious women.

At the motherhouse, residents are cared for by compassionate, caring individuals who want to make a difference in the lives of those who served their faith. This care ranges from assisting residents with the difficult transition from living life independently in the community to having to rely on others for basic care needs, to making their final days a peaceful journey home.

We are not looking for bodies to fill a position. We are looking for the right fit, someone we know will thrive in their professional career, and at the end of the day, leave feeling like they made a difference in someone's life.

When you join our team, you will be welcomed by seasoned individuals willing to assist in any way possible.
